“Getting your Social Security or Supplemental Security Income payment by direct deposit or Direct Express is safer and more reliable,” said Michael J. Astrue, Commissioner of Social Security. “You don’t have to worry about your check being lost or stolen and your money is available immediately on your payment date. There is no need to wait for the mail to arrive. As George says, you’ll get your payment at *warp* speed.”

The U.S. Department of the Treasury announced a new rule that will extend the safety and convenience of electronic payments to millions of Americans and phase out paper checks for federal benefit and non-tax payments by March 1, 2013. Anyone applying for benefits on or after May 1, 2011, will receive their payments electronically, while those currently receiving paper checks will need to switch to direct deposit by March 1, 2013.

Electronic payments also will provide significant savings to American taxpayers who will no longer incur the \$120 million a year price tag associated with paper checks and save \$1 billion over the next ten years. Eliminating paper checks also will provide positive benefits to the environment, saving 12 million pounds of paper in the first five years alone.
